## ANALYSIS OF DATA

In June, 1985, public, institutional and special libraries were mailed annual report forms. School forms were mailed in April, 1985. Academic library information was obtained from forms distributed by the Board of Regents for Higher Education in November, 1985. Public library population data is from the 1980 census. Response to mailings to public, institutional and academic libraries is quite good. Response to mailings to schools and special libraries is inadequate and only those are listed which responded.
